Why We Are Doing This ?

- This workshop unites experts to share advances in fetal monitoring, autopsy, and bereavement care.
- Equipping healthcare professionals to prevent stillbirths and support grieving families."

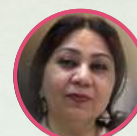

Organising Committee

Dr. Shweta Bhandari
Director, Aayushya Center for
Fetal Medicine, Indore

Dr. Anita Kaul
Clinical Director, Apollo Centre
for Fetal Medicine, New Delhi

Dr. Tamkin Khan
Professor & Unit Head, ObGyn,
Aligarh Muslim University

Key Faculty & Highlights

+ Perinatal Autopsy

- Dr. Sunil Jaiman**
Wayne State University, USA
- Dr. Shagun Aggarwal**
Nizam's Institute of Medical Sciences, Hyderabad
- Dr. Aditya Kulkarni**
Consultant Perinatal Pathologist, Hyderabad
- Dr. Veronica Arora**
Consultant Clinical Geneticist MBBS, MS (OBGYN), DNB clinical genetics, New Delhi

+ CTG in Labour Room: Fetal Monitoring

- Dr. Mamta Dagar**
Sir Gangaram Hospital, New Delhi
- Dr. Shelly Arora**
Cloudnine Hospital, New Delhi
- Dr. Surabhi Nanda**
Fetal Medicine Lead at Guy's and St Thomas' NHS Foundation Trust, London

+ Bereavement Care Workshop

- Prof. Dr. Tamkin Khan**
Unit Head, ObGyn, Aligarh Muslim University
- Dr Sumaira Sadeed**
Siddhi Vinayak Medical College and Hospital, Sambhal

- Prof. Dr. Manju Puri**
Professor Obs & Gynae at SGT Medical College, Gurugram
- Dr. Bharti Sharma**
Assist. Professor ObGyn, PGI Chandigarh

Let's come together to reduce stillbirths
& improve compassionate care.

August, 2nd 2025

09:00 AM - 01:00 PM

PERINATAL AUTOPSY WORKSHOP : 1

EMPOWERING FETAL MONITORING
FOR SAFER BIRTHS!

Chief Convenors

Dr. Sunil Jaiman
Wayne State University, USA

Dr. Shagun Aggarwal
Nizam's Institute of Medical Sciences, Hyderabad

Dr. Aditya Kulkarni
Consultant Perinatal Pathologist, Hyderabad

Dr. Veronica Arora
Consultant Clinical Geneticist MBBS, MS
(OBGYN), DNB clinical genetics, New Delhi

Why Attend?

- Training in consent-taking for perinatal autopsy—develop skills for compassionate and effective communication with families.
- Observe live demonstrations of fetal autopsy and placental histopathology by experienced specialists.
- Step-by-step guidance on how to sample, what to send, and which tests to request.
- Learn to correlate antenatal findings with postmortem findings
- Role of infantogram in fetal autopsy.
- Understand when and how to involve genetics, microbiology, and pathology.
- Gain insights into fetal dysmorphism and its role in identifying syndromic patterns

Don't miss this opportunity to build confidence in perinatal autopsy, enhance your diagnostic skills, and learn compassionate communication with families.

August, 2nd 2025

09:00 AM - 01:00 PM

CTG MASTERY IN THE LABOUR ROOM WORKSHOP : 2

EMPOWERING FETAL MONITORING
FOR SAFER BIRTHS!

Chief Convenors

Dr. Mamta Dagar

Senior Consultant, Obstetrics &
Gynaecology, Sir Ganga Ram Hospital, Delhi

Dr. Shelly Arora

Senior Consultant, Obstetrics &
Gynaecology, Cloudnine Hospital

Dr. Surabhi Nanda

Fetal Medicine Lead at Guy's and
St Thomas' NHS Foundation Trust, London

Why Attend?

- Understand the pathophysiology of fetal hypoxaemia and heart rate changes.
- Learn the clinical indications for antenatal fetal monitoring.
- Understand the clinical application, benefits, and limitations of CTG.
- Interpret CTG reports and plan appropriate next steps.
- Gain insight into future developments in computerised monitoring.

Don't miss this opportunity to strengthen fetal monitoring skills and make confident clinical decisions in the labour room!

August, 2nd 2025

| 02:00 PM - 06:00 PM

BEREAVEMENT CARE WORKSHOP : 3

FROM DIAGNOSIS TO FOLLOW-UP
– A STEPWISE APPROACH TO
SUPPORTING GRIEVING FAMILIES

Chief Convenors

Prof. Dr. Tamkin Khan

Unit Head, ObGyn, Aligarh Muslim University

Prof. Dr. Manju Puri

Professor Obs & Gynae at SGT Medical College, Gurugram

Dr Sumaira Sadeed

Siddhi Vinayak Medical College and Hospital, Sambhal

Dr. Bharti Sharma

Assist. Professor ObGyn, PGI Chandigarh

Why Attend?

- Support grieving families with respectful communication
- Manage labour with dignity and provide essential care
- Guide investigation decisions
- Facilitate memory-making and baby contact
- Complete documentation and audits
- Plan follow-up care

Don't miss this opportunity to strengthen your skills in compassionate bereavement care and support families with dignity, clarity, and clinical confidence.

Day 2 – 03.08.2025 – SCIENTIFIC AGENDA
