REDEFINING EXCELLENCE

IRCAD India stands as one of the most advanced surgical training centers in the world, bringing international standards of education to the heart of India. With globally recognized infrastructure, integrated robotic and laparoscopic labs, and advanced broadcasting capabilities, the institute offers an unmatched learning environment for surgeons and healthcare professionals.

Every space - from the wet lab to the lecture halls- is designed to replicate real surgical settings, ensuring immersive, practice-driven learning.

As a mirror institute of IRCAD France, IRCAD India offers seamless access to world-renowned faculty and cutting-edge surgical technology. Surgeons from across the world choose IRCAD for its structured, elevated training programs that blend theory with hands-on sessions, giving participants confidence to operate with precision and skill. Each program is supported by a multidisciplinary global faculty, offering diverse insights and a truly international learning experience.

IRCAD India is committed to advancing surgical innovation in alignment with the Make in India mission, contributing to the nation's healthcare growth. Whether through specialized on-site programs, virtual training pathways, or customized events, IRCAD India consistently delivers excellence, global exposure, and transformative learning.

COURSE OBJECTIVES
